Purpose

1. Re-think 'Engagement'
2. Who is the hardest to engage in Enhanced Recovery? You Decide!
3. Strategies for engagement – Idea Generation!
4. How will you trial the ideas?

Definition of Engagement

- Being in a relationship with someone

A Winning Team

Engagement + Motivation

Who is the most difficult to motivate to participate in quality improvement?

1. Doctors
2. Nurses
3. Administration
4. Patients
5. Allied Health (i.e. OT, PT)

Idea Generation : 25/10

How it works:

1. Get 5 minutes to think of an idea and write it down on one side of the card – be creative but try to be realistic
2. Randomly pass the cards around - Don't look at the idea on your card until facilitator says so!
3. Stop, read the idea on the card and give it a score from 1-5
4. At the end we will compile the scores and see what the best ideas are in the room

Question

What is ONE strategy you can use to engage and/or motivate your _____ to get them to join your Enhanced Recovery team?
